July 26, 2021

Dear Ansley Students and Parents,

We are busy making preparations for the 2021-2022 school year. In doing so, we wanted to let you know that we anticipate having a school year that is as normal as possible. As of now, we will have in-person learning, and students and staff will not be required to wear masks. We will, however, continue to take measures to prevent the spread of COVID-19: we will continue to keep our classrooms and building clean by disinfecting throughout the day, we will continue to keep cafeteria tables limited to 6 students per table, and we will continue using bottle-filling stations instead of drinking fountains. In addition, we will continue to encourage students and staff to prevent the spread of germs by washing their hands often. We hope that these measures will be enough to keep our students and staff safe. However, please know that if COVID-19 cases in our school and/or community should rise, we may need to take further steps to help prevent the spread. We will keep you informed if and when any changes are made.

We thank you for your understanding and support. We are looking forward to a great school year!

Sincerely,

Gordon Goodman, Superintendent  
Heidi Fessler, Principal
